

Public Disparagement of Club Members/Coaches

PLEASE AVOID PUBLIC CRITICISM

It is part of the Club's Code of Conduct that at all times there should be a high standard of behaviour from gymnasts, coaches, employees, spectators and parents/carers.

Within the atmosphere of Acrobay we aim to foster a team spirit. This attitude is as important in our parent/carers, customers and spectators as in our members and staff.

It is unacceptable that there should be any public criticism or judgements made of the efforts our members and coaches, at any level.

It de-motivates our members and undermines our Coaches. It can also be very hurtful and damaging if overheard.

Members, parents/carers and employees will not at any time make false, misleading or disparaging statements about Acrobay, including it's products, services, management, employees, customers and members.

If you have criticisms or concerns these should be voiced only to the appropriate people to deal with or kept to yourself.

In anticipation of your co-operation, thank you.
